

XPANDVERTEX

WE ARE HIRING! PRODUCT MANAGER NEEDED

OVERVIEW

Xpandvertex is helping Financial Institutions adapt to the increasingly digital ecosystem as well as new regulatory changes.

By providing comprehensive expertise and competencies on the different European Regulations along with advanced technical knowledge and familiarity with the payments landscape we are able to assist Banks on its end-to-end implementation of their Open Banking platforms and their compliance with the Regulatory texts and business requirements.

Xpandvertex is a strategic partner of a leading pan-European Initiative on Open Banking directly managing the onboarding and technical support of the application programming interface (API) implementations of more than 500 Banks and Service Providers.

POSITION

- Drive the product and business-planning process across cross-functional teams of the company
- Develop program assessment protocols for evaluation and improvement
- Maintain organizational standards of satisfaction, quality, and performance
- Oversee multiple project teams, ensuring program goals are reached
- Manage budget and funding channels for maximum productivity
- Develop, implement, and maintain production timelines across multiple departments
- Apply change, risk and resource management
- Experienced in software development and APIs

PROFILE

The successful candidate will have:

- Proven ability to handle multiple projects simultaneously, with an eye for prioritization.
- Proven experience overseeing all elements of the product development lifecycle
- A very good understanding of database design and management
- A very good understanding of HTML and CSS
- A good understanding of JavaScript (including AJAX)
- A basic understanding of SQL (to understanding the passing and receiving parameters, writing query formulas)
- Previous experience (at least 2 years) in similar role in the fintech industry.
- Good communication skills, team working, excellent organizational skills and negotiation skills. Knowledge of English language mandatory; Italian would be a big asset.
- Positive and problem-solving attitude.

If you think you meet the required qualifications and skills, if you are entrepreneurial, are willing to develop your career in a challenging and international environment, with enticing compensation and benefits in an expanding pan-European payment infrastructures, we invite you to send your application (CV and cover letter) to the attention of: **Paulo Barbosa** – info@xpandvertex.eu
